CAREER SUMMARY

I am a passionate and detail-oriented Web Developer with a strong knowledge in full-stack development, I specialize in building modern, responsive, and high-performing web applications. I am experienced in front-end technologies such as React.js, Tailwind CSS, and Framer Motion, combined with back-end skills in Node.js and API integration. I am capable of managing real-world projects from collaborating with UI/UX designs to deployment and debugging. I use platforms like Vercel, GitHub, and Supabase. I can collaborate with teams, resolve merge conflicts, and maintain clean, scalable codebases. I am committed to continuous learning and delivering impactful digital solutions.

EDUCATION AND CERTIFICATION

Bachelor's degree | University of Ilorin   2018 – 2024

EXPERIENCE

ABC CAPITAL   2025 – Present
Junior Web developer

- Maintained and updated the company's website to ensure a seamless user experience and up-to-date content.
